NOTE FOR : [REDACTED]

25X1A

1. [REDACTED] called yesterday and asked if DD/S&T had made any special assessment of the cultural revolution in China and its impact on scientific and technical activities there.

2. I am not aware that there is any substantial evidence available at this time to assess the effect of the China upheaval on its S&T, but has OSI written anything on this subject. [REDACTED] said if we have anything available he would like to have a copy if it is releasable to [REDACTED]. If nothing has been written, perhaps he could talk with someone in OSI on the matter.
